

# **CLUE BY CLUE**

## **(ONLINE TREASURE HUNT)**

### LAYOUT:

1. The treasure hunt will majorly be based on Intellect and imaginative powers of the participant
2. Every page will contain a hidden code which has to be cracked to get the next clue
3. Some of the questions will contain only the JPEG file and no comment box thus, in this case the player will be able to proceed to the next level by making some changes in the URL based on the clues hidden in the image file.
4. Also some of the answers for a few questions can be decoded by inspecting the Java script of the page..
5. In addition there will be some relational questions and the answers for these questions will be purely based on the IQ of the players.

### RULES:

1. The total number of hints provided are 3 for the whole game whereas a few questions may have their own set of 2 more hints.
2. Whenever the player chooses to use a hint, a particular quantum of time slice will be deducted from the game's total allotted time.
3. Use of search engines will be allowed.
